PROFESSIONAL SUMMARY

Mechanical Engineer with 10 years of experience in oil and gas EPC projects, structural steel and fabrication design, and manufacturing. Currently Pipe Support Lead at EPIC Piping International, delivering GA, detail and fabrication drawings and Material Take-Offs for offshore and onshore projects for ADNOC, Saudi Aramco, NPCC, SAIPEM, TECNIMONT and JGC. Certified in Structural Steel Detailing and Modelling using Tekla Structures. Built an AutoCAD drawing automation tool (PowerShell, Power Automate, AI) that increased drawing productivity by up to 80%.

PROFESSIONAL EXPERIENCE

EPIC PIPING INTERNATIONAL, ABU DHABI, UAE
MECHANICAL ENGINEER (Pipe Support lead) **Aug 2022 - Present**

- Lead pipe support design for oil and gas EPC projects, producing GA, detail and fabrication drawings for steel pipe supports in AutoCAD.
- Executed piping support drawings, managed review/revision cycles, and approved final deliverables.
- Prepare detailed Material Take-Offs (MTOs) for steel pipe supports and fabrication.
- Developed a standalone application using PowerShell, Power Automate, and AI that automated the creation of fabrication drawings, integrated with AutoCAD and excel, achieving up to 80% increase in productivity.
- Controlled and managed engineering transmittals received from the client, ensuring full compliance with project requirements and standards.
- Created and maintained the Fabrication Engineering Master as per client standards, improving traceability and document control.
- Coordinated with Engineering, Fabrication, and QA/QC teams to resolve technical issues and ensure on-time project delivery.

WELLWORTH POLYMERS, COCHIN, KERALA, INDIA
MECHANICAL ENGINEER **Dec 2021 - Aug 2022**

- Designed and engineered PVC pipe production prototypes with Mirror Finish Technology (MFT), improving surface quality and efficiency; project received National Award recognition.
- Designed and tested dies for MFT pipes to meet stringent QC standards.
- Developed in-line socketing machine , improving production efficiency.
- Built a belt traction unit for in-house product testing and prototyping.
- Delivered cost-effective, CAD-driven design solutions for manufacturing operations.

CAPRIOLE EXPERT ENTERPRISES Pvt. Ltd, COCHIN, KERALA, INDIA
MECHANICAL DESIGN ENGINEER **Mar 2017 - Sep 2021**

- Prepared preliminary drawings and Bills of Quantities (BOQ) for multiple Pre-Engineered Buildings (PEB) in line with structural and safety standards.
- Designed manufacturing machinery, including a 120 HP hammer mill and tutti-frutti processing machines.
- Contributed to the design of turmeric and chilli extraction plants.
- Collaborated with cross-functional teams to optimize project designs and meet project schedules.

TVS FASTENER LIMITED(Contract via Neptune Inspection Technology), PUDUCHERRY, INDIA
NDT INSPECTOR **Sep 2015 - Oct 2016**

- Performed non-destructive testing (NDT) using Magnetic Particle Testing (MT) to detect surface and subsurface defects.
- Supported the company’s quality assurance program, ensuring reliability of manufactured products.

MAJOR PROJECTS (EPIC PIPING INTERNATIONAL)

- ADNOC Belbazem Block Development Project – NPCC
- Hail & Ghasha Development & CO_2 Recovery Project – SAIPEM & NPCC JV
- Hail & Ghasha Development Project, Package 2 – Onshore Facilities – TECNIMONT
- ADNOC Optimum Shah Gas Expansion Project – SAIPEM
- Saudi Aramco Zuluf Development Project – JGC
- BOROUGE EPC Phase 4 – TECNIMONT
- TA'ZIZ Methanol Project – SAMSUNG E&A
- HAIFA Chemicals Ammonia Plant, Israel – SAIPEM
- Sunrise Process Facilities Project – LAMPRELL
- Habshan Complex Restoration Project – PETROFAC

CORE SKILLS

- **Design & Drafting:** Structural Steel Detailing, GA Drawings, Detail Drawings, Fabrication Drawings, Steel Structures, Pipe Supports, Pre-Engineered Buildings (PEB), 2D/3D CAD Modelling
- **Engineering:** Material Take-Off (MTO), Bill of Quantities (BOQ), Constructability Review, Material Management, Design Review & Revision Control
- **Project Delivery**: EPC Projects, Offshore & Onshore Oil and Gas, Document Control, Engineering Transmittals, Multi-discipline Coordination
- **Codes & Standards:** ASME, ASTM, Client Engineering Standards
- **Automation:** PowerShell, Power Automate, Excel VBA, AI-assisted Drawing Automation
- **Quality:** Non-Destructive Testing (NDT), Magnetic Particle Testing (MT)

CERTIFICATIONS

- Structural Steel Detailing and Modelling using Tekla Structures – Reliant Institute of Technology (Trimble Tekla Authorised Training Centre), 2024
- Certificate for Foundation in Mechanical CAD (A+ Grade) – STED Council, 2024

EDUCATION

- AMIIE – Mechanical Engineering, Institution of Engineers (India), 2023 – UAE attested
- Diploma in Mechanical Engineering, Government Polytechnic College, Kerala, 2012 – 2015–UAE attested
- Higher Secondary Education (XII) – MRTTW | 2010 – 2012
- Secondary Education (X) – Motor Mechanic | 2007 – 2010

SOFTWARE KNOWLEDGE

- AutoCAD
- Tekla
- Power Automation
- Excel (Advanced, VBA)
- Oracle JD Edwards
- Sketchup
- Navisworks (basics)
- Microsoft office
- Blender
- Solid Works (basics)
- Open VI
- CodeWalker
- AutoSpool (basics)

PERSONAL DETAILS

- Full Name: Vishnu Prakash
- Date of Birth: 14 March 1994
- Visa Status: Employment Visa, UAE
- Nationality: Indian
- Languages: English, Malayalam, Tamil
